

Provider Newsletter

For Molina Healthcare of Utah, Inc. providers

Third quarter 2025

In this issue

- 1** Benefits of submitting claims electronically
- 2** Update provider data accuracy and validation
- 3** National Plan and Provider Enumeration System review for data accuracy
- 4** Cultural competency resources for providers and office staff
- 6** 2025 Molina Model of Care provider training
- 7** Helping members in their language

Benefits of submitting claims electronically

Molina Healthcare, Inc. reminds our providers that submitting claims electronically through clearinghouses or the **Availity Essentials portal** offers many advantages. These include:

- Improved Health Insurance Portability and Accountability Act (HIPAA) compliance
- Reduced operational costs associated with paper claims (printing, postage, etc.)
- Increased accuracy of data and efficient information delivery
- Fewer claim delays since errors can be corrected and resubmitted electronically
- Elimination of mail delays

How to submit electronic data interchange (EDI) claims:

A clearinghouse is the easiest way to submit EDI claims to Molina. You may submit EDI transactions through Molina's gateway clearinghouse, SSI Group, or use a clearinghouse of your choice, so long as that clearinghouse establishes a connection with SSI Group. Molina offers additional options for electronic claims submissions. If you do not have a clearinghouse, log in to the **Availity portal** for more information.

Update provider data accuracy and validation

Providers must ensure Molina has accurate practice and business information. Accurate information allows us to better support and serve our members and providers.

Molina must maintain an accurate and current Provider Directory. It is a state and federal regulatory requirement and a National Committee for Quality Assurance (NCQA) requirement. Invalid information can negatively impact members' access to care, member/primary care provider (PCP) assignments and referrals. Additionally, current information is critical for timely and accurate claims processing. Providers must validate their information on file with Molina at least once every 90 days for correctness and completeness.

Failure to do so may result in your REMOVAL from the Molina Provider Directory.

Provider information that must be validated includes, but is not limited to:

- Provider or practice name
- Location(s)/address(es)
- Specialty(ies)
- Phone, fax numbers and email
- Digital contact information
- Whether your practice is open to new patients (PCPs only)
- Tax ID and/or National Provider Identifier (NPI)

Delegated and other providers that typically submit rosters must submit a complete roster that includes the above information to Molina.

All other providers must log into their Council for Affordable Quality Healthcare (CAQH) account to attest to the accuracy of the above information for each health care provider and/or facility in your practice contracted with Molina.

If the information is correct, please select the option to attest. If it is incorrect, providers can make updates through the CAQH portal. Providers unable to make updates through the CAQH portal should contact their provider services representative for assistance.

Additionally, per the terms specified in your Provider Agreement, providers must notify Molina of any changes, as soon as possible, but at least 30 calendar days in advance, of any changes in any provider information on file with Molina. Changes include, but are not limited to:

- Change in office location(s)/address, office hours, phone, fax or email
- Addition or closure of office location(s)
- Addition of a provider (within an existing clinic/practice)
- Change in provider or practice name, Tax ID and/or NPI
- Opening or closing your practice to new patients (PCPs only)
- Change in specialty(ies)
- Change in any other information that may impact members' access to care

National Plan and Provider Enumeration System review for data accuracy

Your NPI data in the National Provider Identifier (NPI) must be reviewed to ensure accuracy. Providers are legally required to keep their NPPES data current.

When reviewing your provider data in NPPES, please update any inaccurate information in modifiable fields, including provider name, mailing address, phone and fax numbers and specialty. You should also include all addresses where you practice and actively see patients and where a patient can call and make an appointment. Do not include addresses where you do not actively practice. Please remove any practice locations that are no longer in use. Once you update your information, you must confirm it is accurate by certifying it in NPPES. Remember, NPPES has no bearing on billing Medicare fee-for-service.

If you have any questions about NPPES, visit **NPPES.CMS.HHS.gov**.

Cultural competency resources for providers and office staff

Let's partner to achieve health equity! Training modules and resources on cultural competency are available to review when communicating with and serving diverse patient populations. This information helps you and your staff understand and address disparities to improve health care and outcomes. As our provider partner, assisting you is one of our highest priorities. We look forward to supporting your efforts so all our members have the same opportunity to attain their highest level of health.

We are committed to improving health equity as a culturally competent organization. We support and adhere to the **National Standards for Culturally and Linguistically Appropriate Services (CLAS) in Health and Health Care** established by the Office of Minority Health. We also comply with regulatory and accreditation standards focused on health equity.

Building culturally competent health care: Resources for providers and staff

Cultural competency can positively impact a patient's health care experiences and outcomes. Cultural competency training modules and resources are available to providers and office staff. You can access the resources through **Availity** Molina's Health Care Professionals site at MolinaHealthcare.com/members/ut/en-us/health-care-professionals/home.aspx.

Cultural competency educational resources include:

- Cultural competency, including culturally and linguistically appropriate services (CLAS)
- Language access services, including effective communication strategies
- Health equity and disparities
- Social determinants of health
- Federal requirements, including the Affordable Care Act and the Americans with Disabilities Act

These resources also provide helpful tips and recommendations for effectively supporting unique subpopulations and communities, including racially, ethnically, culturally and linguistically diverse communities, LGBTQIA+ individuals, older adults, people with disabilities and immigrants/refugees.

The training modules last 5 to 10 minutes. Depending on the topic of interest, you may participate in all or just one module. Upon completing the training, please submit the provider attestation form available through **Availity** the Molina website. Please contact your Provider Services representative if you have any questions.

Americans with Disabilities Act (ADA) resources: Provider education series

A series of provider education materials related to disabilities is also available to providers and office staff on Molina's website. To review the materials, please log in to Availity or visit Molina's Health Care Professionals site at MolinaHealthcare.com/members/ut/en-us/health-care-professionals/home.aspx

Cultural competency resources for providers and office staff (continued)

Disability educational resources include:

- Overview of the Americans with Disabilities Act (ADA), including frequently asked questions for health care providers
- Information for members who are blind or have low vision, including how to request alternate formats
- Guidance on service animals and related accommodations
- Tips for communicating with people with disabilities and older adults

Please contact your provider services representative if you have any questions.

Molina's language access services

Language access services ensure mutual understanding of illness and treatment, increase patient satisfaction and improve health care quality for patients who speak a language other than English. Molina ensures effective communication with members by providing language access services. Providing language access services is a legal requirement for health care systems that receive federal funds. A member cannot be refused services due to language needs. Molina provides the following services directly to members at no cost, when needed:

- Written materials in other formats, such as large print, audio, accessible electronic formats and braille
- Written materials translated into languages other than English
- Interpreter services, including American Sign Language
- Relay service (TTY: 711)
- 24-hour Nurse Advice Line
- Bilingual staff

In many cases, Molina will also cover the cost of an interpreter for our members' medical appointments. Molina members and providers are instructed to call Member and Provider Services to schedule interpreter services or to connect to a telephonic interpreter.

Molina's materials are always written simply in plain language and at required reading levels.

You can access resources and materials on cultural competency, disability-related services and language access services by logging in to **Availity** or visiting the Molina website. If using Availity, you must first log in and navigate to Molina Healthcare under **Payer Spaces**, then select the **Resources** tab to view the available resources. If using the **Molina website**, navigate to the **Health Care Professionals** site. Under the **Health Resources** tab, select the **Culturally and Linguistically Appropriate Resources/Disability Resources** page to view the available resources.

For additional information on Molina's language access services or cultural competency resources, contact your Provider Services representative or visit MolinaHealthcare.com.

2025 Molina Model of Care provider training

In alignment with requirements from the Centers for Medicare & Medicaid Services (CMS), Molina requires PCPs and key high-volume specialists to receive training about Molina Healthcare's Special Needs Plans (SNP) Model of Care (MOC).

The SNP MOC is the plan for delivering coordinated care and care management to special needs members. Per CMS requirements, managed care organizations (MCOs) are responsible for conducting their own MOC training, which means multiple insurers may ask you to complete separate training.

MOC training materials and attestation forms are available at MolinaHealthcare.com/Model-of-Care-Provider-Training. The completion date for this year's training is December 31, 2025.

If you have any questions, please contact your provider services representative at **(855) 322-4081**.

Helping members in their language

Our health plan members speak many different languages.

As of late 2024, the majority of language translation requests for Medicaid members were for Spanish, accounting for 86% of the total. This was followed by 2% each for Arabic, Vietnamese and Chinese dialects, 1% each for Haitian Creole, Russian, Dari, Somali and Nepali, and 0.5% for Swahili.

Among Medicare members, 53% of the language translation requests were for Spanish, followed by 14% for Chinese dialects, 9% for Vietnamese, 4% each for Haitian Creole and Portuguese, 3% for Arabic, 2% for Russian and 1% each for Khmer, Cape Verdean Creole and Tagalog.

For Marketplace members, 94% of language translation requests were for Spanish, followed by 1% each for Vietnamese, Russian, Korean and Chinese dialects, 0.3% for Arabic and 0.2% each for Tigrinya, Gana and Burmese

Please contact Molina if you need assistance addressing your patients' language needs. We also provide resources for providers.

Provider Manuals

Provider Manuals are customarily updated annually but may be updated more frequently as needed. Providers can access the Provider Manual at MolinaHealthcare.com/members/ut/en-us/health-care-professionals/home.aspx.

Clinical policies

Molina's clinical policies (MCPs) are located at MolinaClinicalPolicy.com. Providers, medical directors and internal reviewers use these policies to determine medical necessity. The Molina Clinical Policy Committee (MCPC) reviews MCPs annually and approves them bimonthly.
