

Ouma Health as a Partner for Maternity Providers & Molina Members

- No charge for members and does not impact your payment for prenatal care from Molina
- Delivers timelier care for pregnant patients
- Improves patient satisfaction
- Frees up clinical resources (people & facilities)
- Improves your clinic financials
- Reduces outbound referrals

Who we are

Ouma Health is a clinician-led, maternity telehealth program providing access to:

- Maternal-Fetal Medicine (MFM) specialists
- Certified Nurse Midwives
- Lactation consultants
- Behavioral health specialists
- Personalized nurse navigation

Ouma has clinicians licensed to practice & prescribe medicine in all 50 states

Why we're here

Molina has partnered with Ouma to help improve maternity care for its members, specifically related to timeliness of care.

As clinicians ourselves, we understand how important it is to have a strong relationship between you and your patients - we're not here to disrupt that.

We are excited to work together with you to make timely prenatal visits more accessible to pregnant women throughout the state.

How We Can Work Together

Your clinic refers new OB patients to Ouma for intake (instead of tying up your resources/ delaying visit)

Ouma schedules virtual OB visits within 24 hrs, including intake (H&P), risk stratification, HEDIS counseling. Prescriptions, lab orders available.

Ouma ensures smooth hand-off: H&P and care plan sent to your office for efficient new patient visit. You focus on building patient relationship.

You and your patients can always rely on Ouma for additional help including MFM consultations or lactation/behavioral health services
